EXAMPLE COUNTY REFERRAL HOSPITAL

REQUEST FOR TENDER

Supply, Implementation and Support of Business Intelligence Dashboards and a Data Warehouse

Tender Reference	SIM-TND-2026-006
Procuring Entity	Example County Referral Hospital
Sector	Public Healthcare
Publication Date	10 November 2026
Submission Deadline	28 November 2026 at 10:00 AM (East Africa Time)
Submission Method	Electronic submission through the Example Public Procurement Portal
Contact	procurement@examplehospital.example.invalid

1. Introduction

Example County Referral Hospital invites sealed bids from eligible and qualified firms for the supply, implementation and support of business intelligence dashboards and a data warehouse. The hospital currently compiles monthly management reports manually from separate spreadsheets and its hospital management information system (HMIS). This causes delays in reporting patient volumes, revenue and pharmacy stock levels.

This document is entirely fictional and was created to test tender analysis software. Names, references and contact details do not refer to any real organization.

2. Eligibility and Mandatory Requirements

Bidders must meet ALL of the following mandatory requirements. Failure to meet any one of them will result in disqualification at the preliminary evaluation stage.

2.1 The bidder must be a legally registered company in Kenya and must submit a valid certificate of incorporation.

2.2 The bidder must submit a valid tax compliance certificate and a valid business permit.

2.3 The bidder must hold a valid ISO 27001 information security management certification at the date of tender submission.

2.4 The bidder must demonstrate a minimum annual turnover of KES 50,000,000 in each of the last three financial years, supported by audited accounts.

2.5 The bidder must provide evidence of at least three (3) completed projects of similar nature, of which at least one must be in the public health sector, completed within the last five years, with signed reference letters.

2.6 The bidder must be an authorized implementation partner of the vendor of the hospital's existing HMIS platform, supported by a vendor authorization letter.

2.7 The bidder must submit a bid security of KES 500,000 valid for 150 days from the deadline for submission.

2.8 The bidder must submit a signed declaration of no conflict of interest and a confidential business questionnaire.

3. Scope of Work

The successful bidder will deliver the following:

3.1 Design and development of management dashboards covering patient volumes, outpatient and inpatient revenue, pharmacy stock levels and departmental performance.

3.2 Design and implementation of a central data warehouse that consolidates data from the HMIS, finance spreadsheets and the pharmacy stock system.

3.3 Development of automated data pipelines (extract, transform and load) with scheduled daily refresh.

3.4 Training of at least twenty (20) hospital staff in the use and basic administration of the dashboards.

3.5 Twelve (12) months of post-implementation support and maintenance, including a response time of four (4) working hours for critical issues.

3.6 Delivery of full system documentation and handover to the hospital ICT department.

The implementation period shall not exceed ninety (90) days from the date of contract signing.

4. Technical Specifications

4.1 Dashboards must be built on Microsoft Power BI or an equivalent platform approved by the hospital ICT department.

4.2 The solution must support role-based access control with at least five user roles.

4.3 All hospital data must be hosted within Kenya and the solution must comply with the Kenya Data Protection Act, 2019.

4.4 The solution must integrate with the hospital's existing HMIS through its published API or database export.

4.5 Patient-identifiable data must be encrypted at rest and in transit, and access must be logged for audit.

4.6 The bidder must provide daily automated backups with a documented restore procedure.

4.7 Dashboards must be accessible from desktop browsers and mobile devices.

5. Submission and Timelines

5.1 Bids must be submitted electronically through the Example Public Procurement Portal. Late bids will not be accepted.

5.2 Clarification requests must be sent in writing to the procurement contact at least seven (7) days before the submission deadline.

5.3 A pre-bid meeting will be held at the hospital boardroom on 18 November 2026 at 11:00 AM. Attendance is recommended but not mandatory.

5.4 Bids must be submitted in two parts: a technical proposal and a financial proposal. Both must be received by 30 November 2026 at 10:00 AM.

5.5 Bids must remain valid for one hundred and twenty (120) days from the submission deadline.

5.6 The hospital reserves the right to accept or reject any bid and to cancel the procurement at any time.

6. Evaluation Criteria and Commercial Terms

6.1 Bids that pass the mandatory requirements in Section 2 will be scored as follows:

Criterion	Weight
Technical approach and methodology	30%
Relevant experience and references	20%
Team qualifications and CVs	20%
Financial proposal	30%
Total	100%

6.2 The minimum technical pass mark is 70 out of 100. Bids below the pass mark will not proceed to financial evaluation.

6.3 Prices must be quoted in Kenya Shillings and must be inclusive of all taxes. No budget ceiling has been published for this tender.

6.4 Payment will be made in three milestones: 30% on delivery of the data warehouse, 40% on dashboard acceptance and 30% on completion of training and handover.

6.5 Licensing costs for third-party software, if any, must be itemized separately in the financial proposal.

6.6 Liquidated damages of 0.5% of the contract value per week of delay will apply, up to a maximum of 10%.

End of document.
